

Mark Edward Thieme July 23rd 2020 Report

Entrada Gate House:

I spent 6 days myself at the gate house entering resident sticker information with a few here and there still coming in.

The generator and A/C systems had their yearly services done.

Work is being done on the gate house computer system and changing over to the new access system.

Seasonal Flowers:

Butterfly plants still to come along with passion vines at the 4way.

Drainage:

Drain lids on hand now waiting for scheduling of drainage repair and driveway repair.

3 of the 5 fazes have been checked and measured so far.

Bertha has been fully serviced and ready for any use.

Zack's bubbler system parts are coming in and install will start the week of the 27th.

Cypress Preserve Clean up.

Cypress Preserve sprayed for invasive weeds ands ground clutter removed.

Fence:

Still one section of fence needs to be repaired for completion.

Canopy trees and lights:

Three proposals for canopy trimming and street light scooping.

Respectfully submitted by

Mark Edward Thieme
