

IMPERIAL GOLF ESTATES PRESIDENT'S REPORT

DECEMBER 2022 - BY GALE SCHWARTZ

Election notice and Intent to Run forms have been distributed. Any applications must be received by December 14 to be included in the voting process.

The Board was made aware of Collier County School Boards intent to rezone Veterans Elementary. The rezoning would split Imperial addresses with students attending different schools. We immediately notified our community and supplied the information. Since that initial notification CCPS has discussed a new plan with building an additional school. Additional information was e-blasted.

Collier County informed us of a pipe replacement to begin early December. The piping will affect several homes along IGCB. Notification has been sent.

Maintenance

We continue to have Mark doing several new projects as well as the continual maintenance.

Landscaping

Poinsettias have been placed at the wing walls. Decoration holiday lights have been hung.

GIB

On December 7th the electrician will be at the gatehouse to replace the wiring caused by Ian. Equipment for the mechanism to open and shut the gates is on order from the vendor. There is not a firm date but the hope is in December. Barricades were placed at the entrance to slow down the cars and trucks upon entering. Further updates to come.
